THE ROBERT A. ARNEL COLLECTION

A collection of anything naturally reflects the personal tastes of the individual who forms it. In addition, if it is put together over a period of years it will probably be strongly influenced by the Collector's maturing judgment and increasing "expertise" gained as he becomes familiar with the material in his field. There can be no better illustration of these truisms than the collection Stack's is privileged to offer in this Sale.

Robert A. Arnel devoted two decades to the enthusiastic study of the coinage of the United States. He limited his acquisitions, however, to United States type coins. His chosen area of specialization, freeing him as it did from the complexities associated with rare dates and mintmarks, permitted a concentration on one aspect of numismatics for which he had a strong affinity. Mr. Arnel was also greatly attracted by coins in prime condition. As a result we can say that his collection is probably one of the finest type sets ever offered at Public Auction.

While it is difficult to make distinctions in a collection of such high overall quality as this one, there are a few highlights which can be mentioned. The 1806 Cent, 1800 Half Dime and 1798/7 Dime with 16 Stars are perhaps the finest known specimens of these denominations. The 1796 Dime and Quarter Dollar, the 1795 and 1797 Half Dollars, and the 1795 Dollar can only be described as superb. In the later series, the first and second "Arrows" coinage is bound to contain many pieces which will appeal to the man whose standards demand only the best. There is also a wide selection of late Nineteenth and early Twentieth Century specimens in exceptionally choice condition.

The most casual view of the Arnel coins will serve to emphasize that he is a numismatist of stature with a sharp eye for perfection, beauty and toning in the coins he so carefully chose. Discriminating taste is not limited to single individuals. Stack's hopes that others will be able to take advantage of the opportunity presented by this Sale to enrich their own holdings of choice pieces.

UNITED STATES TYPE COINS

U. S. HALF CENTS

Lot No. 1

- 1 **1793 G-3. The first year of issue.** Very Fine. A superb, perfectly struck and centered specimen of this rare coin. Small old reverse scratch, otherwise very nice surfaces. Worth over \$1,000.00.

U. S. HALF CENTS, LARGE CENTS

Lot No. 2

- 2 **1795 G-1. Lettered edge.** Uncirculated, lovely lustrous olive and slightly iridescent surfaces. A sharply struck specimen with but a touch of friction on the high points. Finer than the Brobston specimen at \$550.00 in 1963. We feel this coin should realize close to 4 figures.
- 3 **1800 G-1.** Uncirculated. Beautiful light iridescent toning with considerable mint red. A superb coin!
- 4 **1835 G-2.** Brilliant Uncirculated. **Full mint color.** A rare coin in such splendid condition. Worth \$100.00 or more.
- 5 **1855 G-1.** Brilliant Uncirculated. Full mint red. Easily a \$75.00 coin.

U. S. LARGE CENTS

Lot No. 6

- 6 **1793 S-3. Chain, America.** A choice Very Fine, the reverse Extremely Fine. Perfectly struck and centered. The surfaces are lovely and nearly free from any defect or blemish. The coin is mostly steel, slightly iridescent and dark brown. We conservatively value this coin at \$1,500.00.

Lot No. 7

- 7 **1793 S-8. Wreath type, vine and bars on edge.** This specimen is fully Extremely Fine. The surfaces are beautiful. There is one tiny nick on the cheek which blends in perfectly with the color. More than likely a "keg" mark. The coin is a rich, warm walnut brown. Perhaps a bid of \$1,250.00 could capture this beauty, but we really would suggest \$1,500.00.

U. S. LARGE CENTS, SMALL CENTS

Lot No. 8

- 8 **1796 S-84. Liberty cap.** About Uncirculated, with a beautiful proof-like surface. A rich light chocolate brown. Truly a "gem" specimen. Worth \$300.00 or more.

A GEM 1806 MINT STATE LARGE CENT

Lot No. 9

- 9 **1806 S-270. Gem Uncirculated.** Frosty faded mint red and steel. Perfectly clear surfaces. A coin of breathtaking beauty! In our opinion fully equal to, or better than, the Helfenstein specimen at \$2,500.00, and far superior to the specimen recently sold by Lester Merkin at \$1,800.00. This could be the "Finest Known."

Lot No. 10

- 10 **1812 S-288. Large date.** A superb Uncirculated specimen. Beautiful iridescent toning with splashes of faded mint color. From the Holmes Sale, equal to finest known of this variety. Worth \$500.00 or more.

U. S. HALF DIMES

Lot No. 31

- 31 **1795 Brilliant Uncirculated.** Full frosty mint bloom. Softly struck in the centers, peculiar to this variety. Light bisecting die crack from "Y" to "7" of date. The surfaces are superb. The Gardner specimen (same variety) realized \$1,000.00.

Lot No. 32

- 32 **1796 "LIKERTY" variety.** Extremely Fine, some light scratches most of which are visible only under magnification. A rare type and variety.

A GEM UNCIRCULATED 1800 HALF DIME

Lot No. 33

U. S. DIMES

A MAGNIFICENT 1796 DIME

Lot No. 39

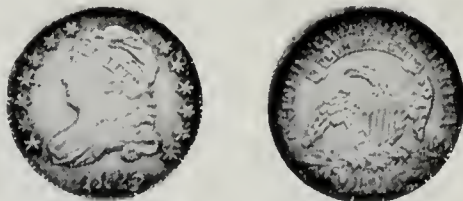

- 39 **1796** The first year of issue. Brilliant Uncirculated gem. Small rim break over the 7th and 8th stars. Golden toning in the center, iridescent toning about its periphery. In a Lester Merkin Auction Sale held recently, a comparable specimen reached a high \$5,600.00. The few times similar specimens have been offered since that sale, they averaged \$4,250.00 to \$4,500.00.

A SUPERB 1798/7 DIME

Lot No. 40

- 40 **1798/7 The 16 Star reverse.** Brilliant Uncirculated gem. Full blazing mint frost, light iridescent toning about its periphery. The surfaces are flawless, perhaps the "Finest Known" of the half dozen Mint State examples extant. Far superior to the specimen recently sold at \$1,350.00.

U. S. QUARTER DOLLARS

Lot No. 52

Probably the prettiest coin in this collection from the toning standpoint. The coin is perfectly centered with large borders. We conservatively estimate this coin to realize \$3,000.00.

A SPLENDID MINT STATE 1807 QUARTER

Lot No. 53

- 53 1807 Brilliant Uncirculated. Full frosty mint lustre. Perfectly struck and centered. Every breast feather can be seen on the eagle. The Gardner specimen in the same condition realized \$1,100.00 and the Pierce specimen \$1,200.00; both of these were sold by us in 1965.

Lot No. 54

- 54 1818 Brilliant Uncirculated gem. A superb strike with full mint lustre, "cart-wheel effect." Lacking in the Gardner sale. The Pierce specimen was only About Uncirculated. This prize is surely worth double the Guidebook valuation of \$275.00

THE VERY RARE 1797 HALF DOLLAR

Lot No. 65

- 65 **1797** Small eagle reverse. This type occurs only in 1796 and 1797 and is the rarest type of all Silver and Copper coins. This superb coin is strictly Very Fine, perfectly centered, evenly struck and worn. The surfaces, for a circulated coin, are amazingly free of nicks, scratches or blemishes. It currently catalogs at \$4,250.00 but in our opinion it should fetch more because it is so well balanced.

U. S. HALF DOLLARS

Lot No. 66

- 66 **1807 Head right, the old type.** Brilliant Uncirculated, nearly of gem quality. Sharply struck with wide borders and blemish-free surfaces. A startlingly beautiful coin worth over \$600.00. From our Holmes Sale in 1960.

- 77 1795 **Flowing hair**, with the "bar" (small die break) in the field as described by Bolender. Three leaves below each of the Eagle's wings on the reverse. **Brilliant Uncirculated**. The coin is so sharply struck that each of the radial lines on the stars are apparent without magnification. The surfaces and edges are without a nick, rub or mar. The coin was probably cleaned many years ago, it is now toned with beautiful golden and iridescent hues. A superb specimen worth in excess of \$2,250.00. **NOTE:** The cataloguer attended the Lord St. Oswald Sale in London in 1964. In that sale there were 3 Mint State 1795 Flowing Hair Dollars. The first coin had scratches in the obverse field and planchet adjustment marks, it realized \$1,285.00. The second had similar scratching and realized \$2,500.00. The third specimen (although not marked in the catalog) had planchet adjustment marks and some rubbing, it realized close to \$2,000.00. **IN OUR OPINION THIS COIN IS FINER THAN ANY OF THE ABOVE MENTIONED COINS.**

A SPLENDID 1797 DOLLAR

Lot No. 78

UNITED STATES PAPER MONEY

In the past twenty years collecting Paper Money issued by the United States has experienced cycles of interest and trends. Very few large collections of Paper Money have been offered in the market, which perhaps will serve to explain the reasons for such cycles. Of course, limited availability of certain notes tends to discourage collecting. While this collection is by no means a large one, it is select. It represents a virtually complete type set of notes. This offering presents a rare opportunity to secure examples of notes which are regarded as virtually impossible to acquire. A complete illustrated guide with valuations for Paper Money of the United States, authored by the late Robert Friedberg, is available for reference. All notes offered here have been attributed to his systematic numbering and are indicated by 'Fr. #'. In October of 1963 we offered the fabulous George Walton collection of Coins and Currency. It was the largest and most extensive offering in recent years, particularly rich in Paper Money. Occasionally in this offering you will find comparison comments made between the two collections, since Walton was presumed to have "everything."

RARE TWENTY DOLLAR NOTE

Lot No. 612

- 612 Fr. #375 \$20.00. 1891. Tillman and Morgan. Red Seal. Fine to Very Fine. One of the rarest notes in this series, and much rarer than those of 1890. In our opinion, probably not more than five specimens exist. If we had this note in our stock we would ask about \$1,000.00 for it.

EXTREMELY RARE

ONE HUNDRED DOLLAR

"WATERMELON" NOTE

- 613 Fr. #377 \$100.00. 1890. Rosecrans and Huston. Large Brown Seal. Fine to Very Fine. This is the famous "Watermelon" note, so called because of the shape of the large zeros on the reverse. One of the rarest and most sought-after pieces of Paper Money in the entire series. Seldom found in any condition. As an indication of how rare this note is, it was not in the Walton collection and after having examined no less than one dozen catalogs of large Paper Money sales conducted in the past fifteen years, we cannot find one record of a Public Auction sale offering. To consider the purchase of this note — one must compare the value to acquiring a painting of an old master. This is an opportunity to purchase a historical rarity. It is very difficult to estimate the value when one has no prior record to cite. The Friedberg reference places a value of \$3,000.00 on the note, and it should certainly be worth that figure, if not more.

VERY RARE FIFTY DOLLAR NOTE

Lot No. 634

- 634 **Fr. #831** \$50.00. 1918 Teehee and Burke, Attebery and Wells. Blue Seal. St. Louis (H-8). About Very Fine. This note is very rare as only 62 pieces are reported outstanding on Treasury records. We doubt if half that number exist today. This great rarity was not offered in Walton sale. Quoted in Friedberg at \$1,200.00, which is reasonable. We feel it should be worth more.
